**PETITIONING THE COURT**

To incorporate the violations contained in this petition in future proceedings with the violations previously reported to the Court on 04/26/2022.

On December 4, 2019, an officer with the U.S. Probation Office in Spokane, Washington, reviewed a copy of the conditions of supervision with Ms. Walker, as outlined in the judgement and sentence. She signed the judgment acknowledging the requirements.

The probation officer believes that the offender has violated the following conditions of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
4	<b><u>Special Condition #8:</u></b> You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

**Supporting Evidence:** On May 12, 2022, Jacquelyn Walker allegedly violated special condition number 8 by failing to report for random urinalysis testing as instructed.

On May 12, 2022, the offender contacted the undersigned officer to check-in as instructed. She stated she was working just blocks from the U.S. Probation Office, and was subsequently instructed to report to the U.S. Probation Office for random urinalysis testing, in an attempt to collect a urine sample prior to her upcoming revocation hearing. Ms. Walker confirmed she understood and stated that she would report shortly.

On May 12, 2022, Ms. Walker failed to report for urinalysis testing as instructed and she made no attempt to contact this officer.

- 5            **Special Condition #8:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

**Supporting Evidence:** On or about May 9, 2022, Jacquelyn Walker allegedly violated special condition number 8 by consuming methamphetamine.

On May 13, 2022, the offender was again instructed to report to the U.S. Probation Office for random urinalysis testing, after she failed to do so on May 12, 2022. Ms. Walker reported to the U.S. Probation Office and admitted to the use of methamphetamine on or about May 9, 2022. The offender signed an admission of use form confirming her admission and then provided a urine sample that was in fact positive for methamphetamine.

- 6            **Special Condition #8:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

**Supporting Evidence:** On May 16, 2022, Jacquelyn Walker allegedly violated special condition number 8 by failing to report for phase urinalysis testing when her assigned color was identified for testing.

On May 17, 2022, this officer received notification from Pioneer Human Services (PHS) that the offender had failed to appear for phase urinalysis testing on May 16, 2022, when her assigned color was identified for testing.

- 7            **Special Condition #8:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

**Supporting Evidence:** On or about May 19, 2022, Jacquelyn Walker allegedly violated special condition number 8 by consuming methamphetamine.

On May 19, 2022, the undersigned contacted Ms. Walker regarding her failure to report for phase urinalysis testing on May 16, 2022; she initially claimed she had called into the phase urinalysis hotline on that date, but then began to question herself as to whether or not she had called in. This officer subsequently instructed the offender to report to the U.S. Probation Office on that date for random urinalysis testing.

On that date, May 19, 2022, the offender reported to the U.S. Probation Office and provided a urine sample that was presumptive positive for amphetamine and methamphetamine. Ms. Walker adamantly denied any new drug use and signed a denial of use form confirming that. While the sample was forwarded to the laboratory for confirmation, those results have not yet been received.
